BEYOND MICRODERMABRASION

Edge Systems Hydrafacial MD improves skin tone and texture while reducing sun damage and the appearance of fine lines and wrinkles. The patented HydroPeel tip resurfaces skin and can simultaneously introduce skin-specific topical serums. Contact: 800.603.4996, www.edgesystem.net.

LIP SUPPORT

Protect and nurture lips with Environ C-Quence Lip Balm. The SPF 25 lip balm protects against UVA and UVB radiation and hydrates with shea butter and bee's wax. The vitamin-rich formulation also works to reduce the appearance of fine lines and ward off free radicals. Contact 877.337.6227, www.dermaconcepts.com.

STEP UP RESULTS

Prepare skin for in-office peels with Glytone Step-Up 1 System. The four product, glycolic acid-based kit can be used for daily maintenance or to prepare skin for higher concentration peels. Products include Mild Gel Wash, Facial Lotion, Facial Cream and Exfoliating Lotion. Contact: 800.459.8663, www.glytone.com.

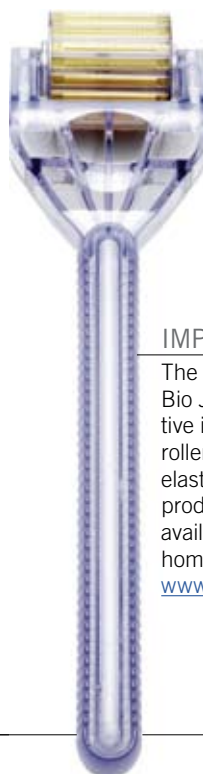

FULL BODY CARE

Developed for off-the-face exfoliation, the Spot Therapy Brush Head from Clarisonic PRO was engineered to address concerns such as rough texture, dullness and lack of radiance on areas of the body that need extra care including the elbows, knees, feet and décolleté. Contact: 888.525.2747, www.clarisonic.com.

20TH ANNIVERSARY DEAL

To celebrate its 20th anniversary Murad is offering the 20th Anniversary Edition Age Reform AHA/BHA Exfoliating Cleanser with twice the product at a special discounted price. Age Reform offers mechanical and chemical exfoliation with salicylic, lactic and glycolic acids plus jojoba beads and sodium PCA. Contact: 888.686.8723, www.murad.com.

IMPROVE PENETRATION

The FDA-approved Bio-Roller from Bio Jouvance helps channel active ingredients into the skin. The roller's microneedles improve skin elasticity while stimulating collagen production. Approved devices are available for medical, aesthetic and home use. Contact: 800.272.1716, www.biojouvance.com.

PRODUCT REVIEWS

HYPERPIGMENTATION HELP

Cosmelan Depigmentation Treatment from Mesoestetic features active ingredients that lighten existing discoloration while inhibiting the development of new pigmentation problems before they surface. The gentle formula is suitable for all skin types. Contact: 888.498.3842, www.mesoesteticusa.com.

FEATURING YOU

Connect with greater success through Digital Stars *Radiant Life Magazine*. The glossy, bi-monthly, aesthetic wellness publication is personalized with your image and contact information, including a profile about your practice, services and seasonal specials. The magazine is mailed to your office, your patient database and prospective patients. Contact: 877.754.3308, www.radiantlifemagazine.com.

CLINICAL CARE

Sesha Skin Therapy offers the Clinical line for physicians and medspas only. Featuring the company's exclusive Penetration Enhancement Technology (PET), the six-product line includes Advanced Antioxidant Cream, Advanced Eye Restore, Complex-C Serum, Repair/Protect SPF30, Complex-A Renewal Emulsion and Advanced Lightening Serum. Contact: 888.977.3742, www.seshaskin.com.

THE POWER OF PEPTIDES

Rose Skin Care Products Peptide Complex Serum contains two peptides to reduce wrinkles and increase collagen production. Syn-Ake, which mimics a polypeptide found in temple viper venom, inhibits muscle contractions to reduce wrinkles. Syn-Coll, a synthetic peptide, is designed to stimulate collagen production.

Contact: 800.203.2889, www.roseskinproducts.com.

SKIN SPECIFIC PULSED LIGHT

With eight filters and multiple pulse options—up to 15 micropulses per shot—the Genesis Biosystems AccelaWave pulsed light system gives you the control and flexibility to offer predictable results for a variety of skin types. The AccelaWave features a 15mm by 45mm spot size. Contact: 888.577.7335, www.genesisbiosystems.com.

SMOOTH ROUGH PATCHES

Fragrance-free NeoStrata Problem Dry Skin Cream is formulated with 20% alpha hydroxy acid to smooth and moisturize severely dry, rough and thickened skin on the knees, elbows and heels. Added vitamin E and maltobionic acid help to reduce scaling and flaking. Contact: 800.865.8667, www.neostrata.com.

PRODUCT REVIEWS

ACCENTUATE THE EYES

Neova Advanced Essential Lash from Procyte utilizes botanicals, amino acids and patented AHK Copper Peptide Complex to strengthen, condition and hydrate brittle lashes. The hypoallergenic liner is applied to eyelids daily for thicker, fuller and darker lashes. Contact: 888.966.1010, www.photomedex.com.

LIGHT THERAPY

The Cold Light LED tricolor panel from Onyx Medical features red, infrared, blue and amber wavelengths. Each color can be used independently or displayed in an automatic sequence based on the colors of your choosing. The panel features an articulating arm for seated or reclined patients and a preset timer. Contact: 800.333.5773, www.onyxmedical.com.

TARGETING TEENS

Developed specifically for teens, Clean Start from Dermalogica aims to instill good skincare habits early. The eight-product line includes cleansing, hydrating and SPF products, as well as a lip shield and two products to target acne breakouts. Contact: 800.611.7546, www.cleanstart.dermalogica.com.

EXFOLIATE AND INFUSE

The Jet-M System from DermaVista exfoliates with micro-droplets of air and saline propelled across the skin at high velocity. In addition to exfoliation, the Jet-M is used to infuse antioxidant serums and chemical peels. The system also offers an additional needle-free handpiece to "inject" mesotherapy products into the skin. Contact: 800.767.6765, www.dermavista.com.

SPRAY-ON SCAR SUPPORT

Advanced Bio-Technologies Kelo-Cote Spray is a clinically proven silicone scar treatment that helps to heal new scars, eliminate the risk of microbial contamination and enhance the appearance of existing scars. Kelo-Cote offers equivalent results to silicone gel in a convenient spray formulation. Contact: 800.240.8227, www.kelocote.com.

FORTIFY AND HYDRATE

The Epionce Enriched Firming Mask is now available in a take-home retail size. The mask is designed to rapidly repair and fortify the skin barrier while hydrating skin for faster healing and increased elasticity. Contact: 866.374.6623, www.epionce.com.
