The **Ritter M11 UltraClave Automatic Sterilizer** from Midmark offers an 11-inch x 18-inch chamber for increased capacity. The countertop sterilizer utilizes a Steam-Flush Pressure Pulse Air Removal system to ensure proper steam penetration plus pre-programmed controls and an LCD display for easy viewing of indicators. Contact: **800.643.6275**, www.midmark.com.

Featuring sustainable, all-natural ingredients and free of parabens, mineral oil, artificial fragrances, and all animal-based and genetically modified ingredients, Bio-Resources **Eira Regenerating Day & Night Cream** prevents and repairs skin damage associated with the signs of aging. The cream includes a unique microbiological extract that reduces inflammation and oxidative stress while improving cell differentiation. Contact: **800.203.3775**, www.eiracare.com.

Potent without harsh side effects, SkinCeuticals **Retexturing Activator** utilizes a 25% hydroxyethyl urea/aminosulfonic acid compound, kombuchka and hyaluronic acid to exfoliate and hydrate skin. The formulation promises to surpass the exfoliating effects of 20% glycolic acid while simultaneously reinforcing the skin barrier. Contact: **800.771.9489**, www.skinceuticals.com.

Gentle and effective **EMA Clinical peels** from Bio Jouvence target a variety of skin concerns. The line includes a 40% AHA peel with kojic acid for pigmented skin; salicylic acid for acneic skin; lactic acid for dehydrated skin; plus papaya and pumpkin enzyme peels for superficial exfoliation. Contact: **800.272.1716**, www.biojouvence.com.

Hydroquinone, kojic acid and bearberry extract combine to lighten hyperpigmentation and even skin tone in Clinicians Complex **6% Skin Bleaching Cream** and **Skin Bleaching Cleanser**. In addition to skin lightening agents, the cleanser offers antiaging ingredients, while the cream—guaranteed stable from oxidation

for two years—offers exfoliators and powerful antioxidants. Contact: **800.826.4480**, www.clinicianscomplex.com.

Laservision absorptive **acrylic windows** allow for safe viewing of lasers from outside the normal hazard zone. The windows can be customized to facilitate most laser applications including doors, rooms, laser systems and enclosures. Contact: **800.393.5565**, www.lasersafety.com.

PRODUCT REVIEWS

EltaMD **UV Clear SPF 46** combines the broad-spectrum sun protection of zinc oxide with niacinamide to calm and protect sensitive, acne-prone skin. Lightweight UV Clear SPF 46 is oil-free, fragrance-free, paraben-free and noncomedogenic.

Ideal for daily use alone or under makeup, the formulation is safe for a wide variety of skin types. Contact: **800.633.8872**, www.eltamd.com.

Formulated specifically for the neck, **Nectifirm** from

Revision Skincare utilizes three peptides plus vitamins C and E to tighten skin, reduce the appearance of neck lines and clear mottled skin tone. Additional ingredients include dihydromyricetin to reduce the appearance of

adipose tissue and a blend of bamboo, silica and English pea extract to stimulate the production of elastin. Contact
