IMMEDIATE AND LONG-TERM TIGHTENING

Clinicians Complex Instant Tightening Serum offers immediate and long-term skin rejuvenation through a biological messenger peptide that works to repair elastin. The antiaging complex improves skin radiance while reducing the visibility of fine lines and wrinkles. Contact: 800.826.4480, www.clinicianscomplex.com.

GET WELL SOON

Glytone Restore Lipid Recovery Cream is designed for use on stressed skin following in-office procedures. It contains carmelina oil to help reconstruct and preserve the skin's lipid barrier function; retinyl palmitate to repair damaged skin tissue; sodium hyaluronate to help the skin's proliferation, tissue repair and moisture retention; plus shea butter, glycerin and vegetal squalane to hydrate and moisturize. Contact: 800.459.8663, www.glytone.com.

GET IN THE ZONE

Applied Concepts Gelzone Wrap offers compression, support and scar management in a revolutionary design. The stretchable, fabric-covered silicone gel has a soft texture that ensures the wrap will stay in place while providing uniform compression. Contact: 866.335.9727, www.gelzone.com.

FOR THE PROS

Developed to help slim down men's abdominal area, Professional Solutions Alpha Abdo Cream contains a unique blend of hesperetin-rich bitter orange and guarana extracts to prevent preferential fat deposition and reduce waist size. Contact: 888.883.0540, www.naturalskincare.com.

A FRESH TREATMENT

CellCeuticals Skin Care offers the Biomedical Skin Treatment collection, featuring Extremely Gentle Skin Cleanser, Extreme Defense Anti-Cell Damage Skin Treatment, CellGenesis Regenerative Skin Treatment, NeoCell Micro-Resurfacing Skin Treatment and CerActive Active Moisture+Barrier Repair Skin Treatment. The cruelty-free, noncomedogenic line has no fragrance, parabens, phthalates or artificial colors. Contact: 888.286.0666, www.cellceuticalskincare.com.

A GREAT HEAD OF HAIR

Nutra Luxe MD offers Hair Active, a product derived from the eyelash- and eyebrow-enhancing products that make the hair in these areas grow longer, fuller and thicker. The formulation stimulates the hair follicles to add bounce, body, vitality and fullness. Contact: 239.561.9699, www.nutraluxemd.net.

PRODUCT REVIEWS

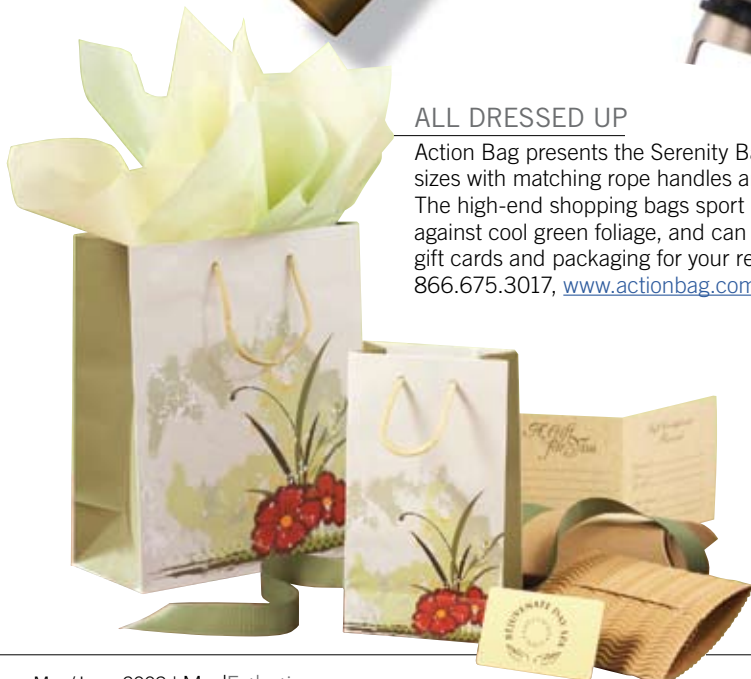

TAKE YOUR VITAMINS

Environ Skin Care offers the AVST Advanced Vitamin Skin Therapy range to protect, restore and assist the skin in repairing itself. The vitamin-based system is formulated with a host of powerful ingredients, including antioxidants such as honeybush tea extract, green tea extract, and resveratrol to combat the visible signs of aging; rosemary oil extract, known for its antibacterial and antiseptic properties; and more. Contact: 866.866.3684, www.dermogenesis.com.

CLEAR PROTECTION

Great for men, women and children, Organic SPF 30 Sun Defense mineral makeup from Eminence Organic Skin Care brushes on with a natural, translucent shade to protect skin against damaging UV rays. The formulation includes bioflavonoids, zinc oxide and vitamins A, C & E. Contact: 888.747.6342, www.eminenceorganics.com.

ALL DRESSED UP

Action Bag presents the Serenity Bag line, available in two sizes with matching rope handles and a sturdy bottom board. The high-end shopping bags sport beautiful red flowers against cool green foliage, and can be paired with matching gift cards and packaging for your retail products. Contact: 866.675.3017, www.actionbag.com.

NEW KID ON THE BLOCK

Suitable for all skin types, Environmental Repair Gel from Marc Edward Skincare heals, soothes and hydrates skin following cleansing, exfoliating or shaving. The lightweight, antioxidant-rich gel can be used alone or in conjunction with a moisturizing cream for extra hydration. Contact: 213.705.8899, www.marcedwardskincare.com.

AFFORDABLE

FRACTIONAL RESURFACING

The Matrix Fractional CO₂ laser from Sandstone Technologies includes the UltraFine FS fractional scanner plus an incision handpiece, all for less than \$50,000. The compact system can deliver up to 25 watts of power. Contact: 800.565.8721, www.sandstonemedicaltechnologies.com.

I'M A GEMINI, WHAT ABOUT YOU?

The Iridex Gemini Multi Application System addresses 28 FDA-approved indications with dual-laser Nd:YAG wavelengths of 532nm and 1064nm. The versatile system offers 42 spot sizes, continuous parallel contact cooling, simple switching between wavelengths, and lightweight, ergonomic handpieces. Contact: 800.388.4747, www.iridex.com.

DO YOU SEE WHAT I SEE?

Enhance Skin Products unveils Visible Youth, a system of professional skincare products that interact to correct, repair, restore and maintain the youthful appearance and function of the skin. With hyaluronic acid as a featured ingredient, the line includes healing complex with or without 3% lidocaine, revitalizing skin formula, revitalizing eye gel, revitalizing moisturizer and revitalizing cleanser. Contact: 800.817.7161, www.visibleyouth.com.

THREE'S A CHARM

CoolTouch presents the CoolLipo Trio, a 1320nm multi-function unit. The CoolLipo Trio can be used to perform laser-assisted lipolysis, non-ablative skin resurfacing and CoolTouch CTEV endovenous ablation of varicose veins. The system offers variable pulse lengths and features an Ablate/Thermal toggle control that allows you to easily switch back and forth during laser lipolysis to save time and increase treatment efficiency. Contact: 877.858.2665, www.cooltouch.com.

THE PICTURE OF DORIAN GRAY

NEOCUTIS presents BIO•SERUM Bio Restorative Serum with PSP (processed skin cell proteins). The formulation is available as an intensive spot treatment in a pen applicator or as a 7-day intensive treatment. PSP helps revitalize aging skin while .5% hyaluronic acid provides hydration. Contact: 866.636.2884, www.neocutis.com.

IN HOT PURSUIT

The peptide-based Pursue Skincare line of antiaging products includes cleansers, youth restoration formulas, epidermal growth factor creams, masks, a purifier, aloe vera gel, oil control powder, resurfacing peels, scrubs, massage cream and shave cream. The line offers active ingredients such as palmitoyl pentapeptide-3, synake, aloe vera gel, hyaluronic acid, avocado oil, mangosteen extract, kelp, lavender, Kukui nut oil, and vitamins A, E and B12. Contact: 310.278.3800, www.pursueskincare.com.

GENTLE CLEANSING

The dermHA Post Care Kit includes a gentle face and body wash, therapeutic crème, enzyme mask and crème mask. All products contain 1% hyaluronic acid as a natural humectant, and are free of fragrance, alcohol, lanolin, dye and propylene glycol. Contact: 877.933.7642, www.dermha.com.

WATER, WATER, EVERYWHERE

The Eclipsemed Body-Jet water-assisted liposuction device allows for gentle, minimally invasive liposuction with less pain and faster recovery times. The device uses the flow of water to dislodge fat, resulting in shorter treatment times and less post-procedure bruising. Contact: 800.759.2911, www.eclipsemed.com.
