

## PRODUCT REVIEWS

### CELL-BASED REGENERATION

Histogen Aesthetics ReGenica Rejuvenation System is formulated with human cell-derived ingredients to offer anti-aging and postprocedure skin benefits. The system includes Facial Rejuvenation Complex for recently resurfaced skin, Advanced Rejuvenation Day Repair and Advanced Rejuvenation Overnight Repair. Contact: 858.200.9520, [www.histogeninc.com](http://www.histogeninc.com).

### THE POWER OF K

Formulated to address dark circles under the eyes, spider veins and rosacea-related redness and irritation, Hale Cosmeceuticals Profile K Milk Lotion features naturally sourced ingredients to reveal healthier-looking skin. The formulation includes vitamin K, green tea and aloe in a soothing milk lotion. Contact: 800.951.7005, [www.halecosmeceuticals.com](http://www.halecosmeceuticals.com).

### TOPICAL NUMBING

Take the sting out of dermal filler injections with Hurricane Topical Anesthetic from Beutlich Pharmaceuticals. When applied to the oral mucosa inside the mouth, the anesthetic takes effect in about 20 seconds. The topical formulation can also be used prior to anesthesia injections and to soothe postprocedure discomfort. Contact: 800.238.8542, [www.beutlich.com](http://www.beutlich.com).

### INTERNAL HEALING

Formulated by dermatologists and nutritionists, vitamin-enriched GLISODin Advanced Pre/Post Formula supplements feature zinc, selenium, copper, hyaluronic acid and fruit extracts to aid in patient recovery by reducing oxidative stress, strengthening the immune system and providing needed nutrients for wound healing. Contact: 866.534.5868, [www.glisodinskin.com](http://www.glisodinskin.com).

### SMALL & MIGHTY

Weighing only four pounds, the V-Raser diode laser from HOYA ConBio effectively treats vascular lesions while taking up minimal space in your practice. The 980nm diode laser offers variable spot sizes and targets common red and blue vessels, including facial telangiectasia. Contact: 800.532.1064, [www.conbio.com](http://www.conbio.com).

### PEEL SUPPORT

Offer seamless chemical peel treatments with the Dukal Reflections Chem Kit. The kit offers mixing sticks, cleaning cloths, esthetics wipes, facial cap, headband, Atmosphere Breathing Extender, a glycolic applicator, eye pads, a plastic dish and cup, face mask, pipette, cotton balls and alcohol wipes all laid out on an easy-to-use, disposable tray. Contact: 631.656.3800, [www.dukal.com](http://www.dukal.com).

### HELP FOR THINNING HAIR

Athena Cosmetics' Hair by Revitalash daily conditioner was developed for women with fine, thinning hair and those who want more volume. The easy-to-use foam formulation is massaged daily into areas of the scalp where users want their hair to appear thicker and fuller. Contact: 877.909.5274, [www.athenacosmetics.com](http://www.athenacosmetics.com).

### SOUND SCULPTING TECHNOLOGY

Sound Surgical Technologies Vaser Lipo System utilizes third-generation ultrasound technology to remove fat and tighten skin with minimal postprocedure pain and bruising. Small diameter, solid, grooved probes deliver pulsed ultrasound to liquefy fat for easy removal, allowing you to precisely sculpt problem areas. Contact: 888.471.4777, [www.vaser.com](http://www.vaser.com).

### PERSONALIZED PRESS

Create great press for your practice with *Radiant Life Magazine*. The glossy, bi-monthly aesthetic wellness publication is personalized with your image and contact information. Inside the magazine readers will find a profile about your practice including services and seasonal specials. The publication is mailed to your office, patient database and prospective patients. Contact: 877.754.3308, [www.radiantlifemagazine.com](http://www.radiantlifemagazine.com).

### ROLL AWAY DAMAGE

Designed to stimulate collagen and elastin, and improve product penetration, MTS Rollers from Clinical Resolution Labs subtly injure the skin with 200 microneedle bristles. The rollers create microchannels in the skin to address indications including wrinkles, hyperpigmentation and scarring. Contact: 877.566.9687, [www.microneedle.com](http://www.microneedle.com).

### SOOTHING BALM

When applied immediately following laser hair removal, electrolysis, chemical peels, injections and photofacials, Quench PT from ESBA Laboratories soothes the skin while reducing inflammation and redness. The post treatment balm includes 12 nonsteroidal, botanical anti-inflammatory ingredients. Contact: 800.677.9299, [www.esbalabs.com](http://www.esbalabs.com).

### POST CARE KIT

Image Skincare's Post Treatment Heal Travel Kit offers a week's worth of soothing products to calm irritation and speed healing of post-procedure skin. The kit includes: Hydrating Facial Cleanser, Hydrating Anti-Aging Serum, Solar Defense Oil-Free Gel, Hydrating Enzyme Masque, Hydrating Repair Creme and SPF15 Hand Crème. Contact: 800.796.7546, [www.imageskincare.com](http://www.imageskincare.com).

## PRODUCT REVIEWS

### ALL-NATURAL CARE

Vegan-certified Yüm Gourmet Skincare offers the Pearl Treatment Masque to moisturize and protect skin from environmental pollutants and free radicals. The masque features micronized mother of pearl, botanical extracts and glycosaminoglycans. Contact: 877.986.5463, [www.yumskincare.com](http://www.yumskincare.com).

### OXYGEN INFUSION

Dermal Esthetics Intrafusions O<sub>2</sub> Concentrate delivers oxygen into the dermal layer to enhance the health and appearance of mature skin. The lightweight formulation cools and calms skin upon application. Long-term benefits include improved skin color, texture and elasticity. Contact: 888.317.3788, [www.intrafusions.com](http://www.intrafusions.com).

### TWO TO TANGO

Formulated for sensitive skin, Dermesse Cleanser Gel and Toner are formulated with aloe vera and a variety of botanical extracts to gently cleanse and soothe irritated skin.

The alcohol-free toner helps to restore the skin's natural pH balance. Contact: 866.494.4466, [www.dermesse.com](http://www.dermesse.com).

### BEYOND MICRODERMABRASION

Abrade and heal skin simultaneously with the DermaNew HyperBarOX 4.5 System. The microdermabrasion system incorporates oxygen to rejuvenate and heal the freshly abraded skin for less redness, discomfort and downtime following treatment. Contact: 866.443.3762, [www.dermaNEW.com](http://www.dermaNEW.com).

### TIME-SAVING TECHNOLOGY

Orchid Medical Spa Software improves efficiency and patient care through a variety of capabilities including easy appointment scheduling, client history and photo storage, credit card processing, gift card support, payroll calculation, automatic inventory updating and more.

Contact: 888.803.4747, [www.medicalspasoftware.com](http://www.medicalspasoftware.com).

### THE POWER OF LIGHT

The Dermillume Skin Rejuvenation System features four wraparound LED panels—blue light for photodynamic therapy, combination red and blue light for acne, combination red and near infrared for skin rejuvenation and combination red and amber light to reduce redness and stimulate collagen production. Contact: 888.444.8284, [www.dermillume.com](http://www.dermillume.com).
