NEW GENERATION WHITENING

The new Beyond WhiteSpa Select system was designed exclusively for the aesthetics industry. The 60-minute treatment combines advanced power whitening technology with a specially-formulated whitening gel to provide reliable, efficient and professional cosmetic teeth whitening. Customers can depend on superior support and after-sales service. Contact: 866.695.6452, beyondwhitespa.com

BIG FOR ITS SIZE

DermaSweep introduces DermaSweep Mini, a precision exfoliation and skin revitalizing system. Although it is only 8 inches by 5 inches and weighs just 8 pounds, versatile treatment tips, portability, adjustable vacuum pressure and superior power allow it to rival many larger competitors. Easy on your budget and less irritating than particle systems, the Mini is perfect for preparing the skin for light-based treatments. Contact: 916.772.9134, dermasweep.com

BARRIER BUILDER

New MoistuSilc from Young Pharmaceuticals contains ceramides, natural fatty acids, plant-derived cholesterol and olive-derived squalane to strengthen the skin's natural barrier function. Its silky, lightweight texture is excellent for patients with normally oily skin or skin compromised by procedures such as microdermabrasion and superficial chemical peels. COLD COMFORT

The quiet, compact ArTekAir by ThermoTek delivers forced-air dermal cooling for an improved patient experience. A smaller footprint means easier portability and solid-state technology assures quiet operation and exceptional reliability. Contact: 877.242.3232, thermotekusa.com

LONG, HEALTHY LASHES

Athena Cosmetics offers RevitaLash, a vitamin-rich, clear liquid eyeliner. When applied once a day to the base of the eyelashes, it helps safely build longer, thicker and fuller lashes. The formulation is free of parabens, hormones and salicylate. Contact: 877.909.5274, revitalash.com

PRICE-CONSCIOUS OPTION

Edge Systems' new HydraFacial Nectre performs noninvasive, hydrating skin resurfacing treatments effective on all skin types. It offers all of the basic benefits of the original HydraFacial Tower, including exfoliation, deep cleansing, hydration and extractions without bruising, in a smaller, more affordable tabletop unit. SILKY SOLUTION

Offer patients the convenience of hair removal at home with Silk'n from Home Skinovations. Tested by physician in a year-long clinical trial, Silk'n achieved results comparable to in-office treatments for those with lighter skin types. To maximize safety, the applicator tip emits light pulses only when it is firmly against the skin. Silk'n is FDA-approved for physician-directed home use and sold through selected physicians and medspas. Contact: 877.367.4556, silkn.com

SUN PROTECTION PLUS

Offer clients a product that fights the damaging effects of the sun in several ways with Dermesse Sunblock SPF 30 from Axia Medical. Octinoxate and titanium dioxide block UVA and UVB rays; alpha lipoic acid and green tea extract in an aloe base moisturize and provide antioxidant protection; acetyl hexapeptide-3 helps to reduce superficial lines and wrinkles. Contact: 866.494.4466, dermesse.com

ANTIOXIDANT PROTECTION

Part of the first professional skincare line, with powerful CoffeeBerry extract, RevaléSkin Night Cream revitalizes and rejuvenates while the user sleeps. With 1% CoffeeBerry extract, RevaléSkin Night Cream is clinically proven to minimize the appearance of fine lines and wrinkles, even skin tone, and aid in repairing and preventing skin damage from free radicals. Stiefel Laboratories' RevaléSkin products are available exclusively through aesthetic physicians nationwide. Contact: 866.738.2539, revaleskin.com

HELPFUL OIL SHORTAGE

SebRx Oil Control Acne System from Revision Skincare, distributed solely through physicians, consists of Acne Treatment Cleanser, Oil Control Topical Analgesic Gel and Acne Control Spot Treatment. Utilizing patent-pending technology backed by seven years of in vivo research, the system not only treats acne symptoms but also targets sebum overproduction. The system is specifically formulated to work with in-office procedures. Contact: 800.385.6652, revisionskincare.com

SKINCARE BREAKTHROUGH

The Parisian Peel Suffusion System from Aesthetic Technologies was proven in a clinical trial to increase collagen formation and patient satisfaction. The standard procedure consists of a Parisian Peel followed immediately with phonophoresis using the Parisian Peel Elite Ultrasound device, a five-minute process that drives the specially formulated ReVisage solution deep into the skin. THREE DIMENSIONAL

The VECTRA 3D from Canfield Imaging Systems brings the next dimension in medical imaging accuracy and ease to your clinical practice. Capture patient images with fast (1.5 millisecond) one-shot/multicapture and continuous, rotatable views that allow you to measure and compare changes in surface, volume and distance with ease. The result is increased patient satisfaction and more referrals. Contact: 800.815.4330, canfieldsci.com

ATTACKING CELLULITE

SmoothShapes from Elemé Medical combines dynamic 915nm laser and 650nm light energy with mechanical massage and vacuum to reshape fat cells and inflexible collagen to minimize the appearance of cellulite. The proprietary noninvasive technology, called Photomology, ultimately results in tighter, smoother skin. Contact: 877.333.5306, elememedical.com

PAIN RELIEF

FDA-cleared for pain reduction during all laser and IPL treatments, the Serenity from Candela means fewer patients will stop or avoid treatments because of pain. The Serenity's proprietary Pneumatic Skin Flattening technology relies on the Gate theory for pain reduction, which works by inhibiting the transmission of pain signals to the brain.
