

## PRODUCT REVIEWS

### ACNE RELIEF

La Roche-Posay Effaclar AI Intensive Acne Spot Treatment combines lipo-hydroxy acid and 5.5% micronized benzoyl peroxide to visibly reduce stubborn acne. The treatment microexfoliates skin, stimulates cell renewal and targets acne deep in the pores with minimal irritation. Contact: 888.577.5226, [www.laroche-posay.us](http://www.laroche-posay.us).

### A PEEL FOR ALL SKIN CONCERNS

Gentle yet effective EMA Clinical masks and peels from Bio Jouvence target a variety of skin concerns. The line includes a 40% AHA peel with kojic acid for pigmented skin; salicylic acid for acneic skin; lactic acid for dehydrated skin; plus papaya and pumpkin enzyme peels for superficial exfoliation. Contact: 800.272.1716, [www.biojouvence.com](http://www.biojouvence.com).

### FREE RADICAL FIGHTER

Vitamin C Therapy from dermHA can be used daily, or post microdermabrasion and chemical peels to help the skin fight free radical damage. The formulation infuses skin with vitamin C, algae, hyaluronic acid, potent antioxidants and botanicals with chemotherapeutic agents. Contact: 877.933.7642, [www.dermha.com](http://www.dermha.com).

### CLEAR PROTECTION

Bionet Esthetics introduces SkinTherapeutic Clear Sunblock SPF 50. The lightweight, oil-free formulation provides broad spectrum UVA and UVB protection for all skin types. The fragrance-free sunblock is noncomedogenic and dries clear. Contact: 800.743.3795, [www.bionetesthetics.com](http://www.bionetesthetics.com).

### WRINKLE REDUCER

Skinauthority Wrinkle Reversing Serum was developed to help restore the body's natural source of skin growth factors to fight wrinkles and thinning skin. The serum features high concentrations of four key skin growth factors—TGF-b, GM-CSF, platelet-derived growth factor, and interleukins 3 & 6-8. Contact: 866.325.7546, [www.skinauthority.com](http://www.skinauthority.com).

### ACNE TREATMENT ADJUNCT

Specifically formulated for patients undergoing acne treatments, Avène Clean-Ac is a hydrating, high-tolerance cream wash. The extra gentle cleansing base nourishes and hydrates dry, flaky skin resulting from dermatological acne medications and in-office treatments. The non-greasy, rinse-off formulation helps to preserve and restore the hydro-lipidic film to leave skin smooth and hydrated. Contact: 866.412.8363, [www.aveneusa.com](http://www.aveneusa.com).

## PRODUCT REVIEWS

### SENSITIVE SKIN CARE

Developed for patients with skin redness and rosacea, the NeoStrata Polyhydroxy Acid (PHA) Skincare line addresses visible blood vessels, bumps and pimples, flushing, burning and stinging. The five-product line includes Facial Cleanser, Bionic Face Serum, Face Cream, Bionic Lotion and Daytime Protection Cream SPF 15. Contact: 800.865.8667, [www.neostrata.com](http://www.neostrata.com).

### LONG-TERM HYDRATION

SkinMedica Hydrating Complex offers both high and low molecular weight hyaluronic acid (HA) to provide instant and long-term hydration. The formulation includes three natural sugar compounds to stimulate the skin's natural production of HA and a hyaluronidase inhibitor. Contact: 866.867.0110, [www.skinmedica.com](http://www.skinmedica.com).

### THE POWER OF C

Formulated to smooth fine lines, repair sun damage, and minimize acne-related redness and brown spots, Somme Institute Serum contains a potent, stable form of vitamin C blended with the company's patented MDT5 vitamin delivery system. The MDT5 system allows high concentrations of vitamins A, B<sub>3</sub>/B<sub>5</sub>, C and E to penetrate the inner layers of skin in their active forms. Contact: 866.667.6663, [www.sommeinstitute.com](http://www.sommeinstitute.com).

### OIL-FIGHTING ACNE CONTROL

Formulated with acne-fighting salicylic acid, apple enzyme to protect the skin's natural barrier, and gentle scrubbing beads to open pores, glotherapeutics glōClear Acne Cleanser helps prevent breakouts and control oil while smoothing skin for improved texture. Contact: 800.462.5790, [www.gloskincare.com](http://www.gloskincare.com).

### VERSATILE RESURFACING

The QuadraLASE fractional CO<sub>2</sub> laser from Candela offers 180μ and 300μ spot sizes for a full range of treatments options. The value-priced system requires no disposables and features exclusive Quadrascan technology that distributes pulses in an alternating grid pattern to minimize heat buildup. Contact: 500.733.8550, [www.quadrilase.com](http://www.quadrilase.com).

### CUSTOM CABINETRY

Veeco Manufacturing offers custom medspa cabinetry to help you make the most efficient use of your space. The company specializes in working with businesses to configure treatment rooms for a variety of procedures with equipment that meets your individual budget. Contact: 800.635.3772, [www.veecomufacturing.com](http://www.veecomufacturing.com).
